Experience

FULL STACK .NET DEVELOPER/LEAD AEM DEVELOPER | NET TANGO | DECEMBER 2020 – JUNE 2023

- Became Net Tango's technical expert on Adobe Experience Manager, deployed, built, refactored, and maintained various components and content updates for enterprise clients. Cross trained to work as a full stack .NET developer providing clean, scalable solutions to enterprise clients, frequently interpreted business requirements and specifications to individually decide the best course of action with respect to given specifications and business logic. Worked both individually and collaboratively within an Agile environment utilizing Scrum methodologies.

JAVA DEVELOPER

- Gained a plethora of hands on experience with Java Development as part of an Agile team, even virtually, through the newly founded Greater Knox Coding Academy. Learned about coding to the interface, test driven development, and how to be sure to always following the best practices according to object oriented programming. Learned a bit of Spring Boot as well.

IHD TECHNICIAN | BLUEGRASS CELLULAR | SEPTEMBER 2020 – NOVEMBER 2020

- Gained IT experience as an IHD Technician. Ensured client satisfaction by troubleshooting a variety of problems across many different industries, from a Grandma who couldn't get the T.V. to work for her grandkids, or an airport who couldn't fuel their planes until their programs are back up and running. Provided client satisfaction in a timely and thorough manner.
